## Indians Make It a Sweep Over Yankees

By HAL BOCK  
Associated Press Sports Writer  
Remember the days when the New York Yankees could always count on facing the opposition's best pitcher?

It's not happening now. Why waste an ace on a ninth place ball club?

Birdie Tebbetts took advantage of the Yanks' slump and went with John O'Donoghue, one of his second-line pitchers, for the Cleveland Indians' series finale in New York Thursday.

The results showed up the Yanks' weakened state. O'Donoghue managed only seven shut-out innings, and needed help from Bob Allen, but the Indians scored a 4-0 victory that left the once-feared Yankees with one run in three games against the Cleveland staff.

And Tebbetts didn't even use ace Sam McDowell in the three-game sweep.

The Yankees have been shut out four times in their last seven games and have managed to average just 17 runs over that span — 10 of them in one game against the Kansas City team.

The team batting after the American League-leading Indians had run their average has dwindled to .203.

In Thursday's only other American League game, California blanked Kansas City 1-0.

"Koufax is at the peak of his career," the big man on a World Series edged Los Angeles 9-series winner. Sandy has an 8 in 10 innings. Atlanta nipped Cleveland 4-3.

Cincinnati way. He has barely started, whipped Pittsburgh 10-6 and there is no way of learning the Houston shaded Chicago 4-3 in job until you have gone through 13 innings.

Dick Howser and Chuck Hinton, Tebbetts has managed some ton, replacements for the in-pretty fair pitchers down injured Larry Brown and Leon through the years at Cincinnati, Wagner, drove in the first two Milwaukee and Cleveland. He Indian runs after O'Donoghue balks at comparing any of them and Bob Field held his lead with Sudden Sam.

"I don't want to get into the through six scoreless innings.

Howser's sacrifice fly scored business of comparing pitcher Fred Whitfield, who had openeders," he said. "I don't want to the seventh inning with a triple put a monkey on his back. Let's one of four the Indians hit. Vic talk about the pitchers that I Davalillo opened the eighth with caught when I was playing. I'll a triple and Hinton's sacrifice say this. McDowell belongs in fly brought him home. Duke the same class with any of the Sims' second triple of the game great pitchers that I caught at added two insurance runs in the same stage of their ninth.

careers."

Ed Newman and Bob Lee at various times, Tebbetts combined on a four-hitter and caught such pitchers as Hal Norm Siebern drove in the Newhouse, Mel Parnell, Tom game's only run as California my Bridges, Bob Lemon, Bobo handed Kansas City its 14 loss Newsum, Dizzy Trout, Tex in 17 games.

Hughson, Early Wynn and Bob Newman allowed all the Ath-beller.

letic hits in the first six innings "A ball club isn't a great ball before tiring and giving way to club just because it wins 14 of its first 15 games. A pitcher Lee.

Siebern delivered Paul Schaal isn't a great pitcher because he with a first inning single after is the man of the moment with Schaal had walked and moved four straight. Personally, I do to second on a sacrifice. It was think McDowell is going to be enough to beat Roland Sheldon, great. But give him time. Let's who had blanked New York 1-0 not put the monkey on his on a three-hitter in his last back," Tebbetts added.

start.

McDowell could set a major league record tonight if he throws a one-hitter against Baltimore.

That's about like saying a fellow could tie a record if he pitched a perfect game. But the facts are that McDowell fired one-hitters against Kansas City and Chicago in his last two outings. The only other pitchers to do that were Lon Warneke, Mort Cooper and Whitey Ford.

## Astros Edge Cubs, Giants Beat Dodgers

By MIKE RATHET  
Associated Press Sports Writer  
What's an umpire to do? Take Chris Pelekoudas. He had his problems Thursday night during Houston's 4-3, 13-inning victory over the Chicago Cubs.

First Chicago starter Bill Paul took time out to protest the electronic applauding hands on the Astros' scoreboard then Houston catcher John Bateman took time out to protest a decision in his favor.

Pelekoudas, however, solved the problems simply. He refused to let Paul get his goat, and he gave Bateman his thumb.

Paul, who used to undergo hypnosis before he pitched, found himself captivated by the Houston scoreboard in the fifth inning when the two hands were flashed on the electronic marvel and began to lead the crowd in rhythmic applause.

He turned his back to the plate, staring at the hands. Pelekoudas came out, and suggested Paul use his — to pitch. Paul suggested Pelekoudas give a signal with his — to stop the scoreboard. Pelekoudas said pitch, or watch the scoreboard show a guy taking a shower.

Paul pitched, Lee Maye hit a double for a 3-2 outson lead, and the scoreboard showed a guy taking a shower as Paul left.

Bateman was catching in the seventh when Dick Farrell fired a strike over the plate. Pelekoudas so signaled. Bateman said why didn't you do that in the sixth when Farrell threw one to the same place. So Pelekoudas signaled again, only this time with his thumb, and Bateman left.

They played baseball elsewhere in the National League, with San Francisco outlasting the Los Angeles Dodgers 9-8 in 10 innings, Atlanta edging Philadelphia 4-3 and Cincinnati walling Pittsburgh 10-6.

In the American League, Cleveland shut out New York 4-0 and California blanked Kansas City 1-0.

The Astros finally beat the Cubs in the 13th when Joe Morgan and Jim Wynn singled around an infield out. John Boccabella drove across all the Cubs' runs on a homer with one on in the fifth inning and a double in the seventh that knocked in Ron Santo with the tying run.

The Giants chased Sandy Koufax and built a 7-0 lead in the second inning but the Dodgers played a convincing game of catch-up with Wes Parker, Ron Fairly and Lou Johnson hitting homers.

The Giants eventually pushed across the winning run in the 10th without a hit when Jim Davenport reached first on John Kennedy's error, took second on a passed ball by John Rosebro and scored when Willie Davis dropped Jim Hart's long fly.

The Braves pulled ahead of the Phillies with a two-run seventh inning produced on a double by Dennis Menke, Felipe Alou's single and a double by Hank Aaron. Joe Torre hit his seventh homer for the Braves and Lee Thomas hit his sixth, while Tony Taylor connected for the Phillies.

The Reds outslugged the Pirates with Don Pavletich and Pete Rose hammering homers and Leo Cardenas driving in three runs with a pair of singles. Joey Jay, tagged for homers by Roberto Clemente, Jim Pagliaroni and Jesse Gonder, got credit for the victory yard became Cincinnati's first two-game winner.

## Rain Delays Golf Meet at Houston

HOUSTON (AP) — The rain-delayed \$17,000 Champions International Golf Tournament makes a second attempt to get under way today but the weatherman gave no promise of a change in the weather.

The forecast called for 95 per cent probability of more of the steady rain that washed out the first round Thursday.

PGA tournament supervisor Jack Tuthill ordered the postponement before any of the star-studded field had started play on the 7,18-yard, par 36-35 — 71 Cypress Creek layout of the swank Champions course.

Barring further delays the final round of the 72-hole tournament will be played Monday. If more than one-day delay is necessary, it is likely two rounds would be played on the final day to wind it up.

Baseball Player Suffers Fracture

By JACK HAND  
Associated Press Sports Writer

NEW YORK (AP) — Larry Brown, Cleveland's shortstop, was under intensive care in Lenox Hill Hospital today after suffering a fractured skull, fractured nose and fractured right cheek bone in a collision with teammate Leon Wagner at Yankee Stadium.

Wagner also is hospitalized with a broken nose and facial bruises.

It was the second bitter blow to the Brown family within a period of three months. Dick Brown, Larry's older brother and a catcher with Baltimore, underwent surgery for removal of a brain tumor two months ago.

Arkansas Coasts to a Victory

By THE ASSOCIATED PRESS

Albuquerque tightened its hold on first place and Arkansas squeezed ahead of Amarillo in second place by a few percentage points in Texas League play Thursday night.

The league-leading Dodgers again took advantage of hapless Dallas-Fort Worth, handing the Spurs their eighth straight defeat, 3-1, and dropping them further into the cellar.

Arkansas built up a big early lead

# Slot Racing of Model Cars Prescott Hobby

You hear more and more about model-car racing as it comes to the front as America's newest creative sport. Not only is it a challenging, stimulating and competitive sport, but a creative hobby also. It provides all of the skills of "real car" racing without the physical risk at speeds up to and exceeding 200 scale miles per hour.

Many Comet Dealers over the nation for the past few weeks have been advertising for sale scale models of real comets and the reception has been fantastic. The Comet dealers set up tracks in their show rooms but the excitement that is generated by youngsters while racing proved to be more than most dealers could take.

If you have visited the Trading Post in Hope, you know what we mean.

Just recently in Prescott a gigantic Model Car Race Track was installed and this truly exciting hobby sport is fast becoming a favorite of moms and daughters as well as dads and sons. Because young & old can compete on an even basis, it is proving to be one of America's favorite sports for "family togetherness."

As model car racing is so new to this area, and just now beginning to take hold, although it has enjoyed great success on the West Coast and other areas we thought you might be interested in knowing a little of the sport and how it works.

The track in Prescott features a 40-foot straight-away which allows the scale model cars to obtain fantastic speeds. Put eight of the small cars on the track at the same time, and you've got a real race on your hands. The small cars are scale models of their actual counterparts and will handle just about the same on the track, on a scale basis, as the real car would. There is a great deal of skill involved in learning just when to give it the power, and just when to brake it, as you go through the curves.

The cars remain on the track with the aid of a little plastic guide that drops into a slot. Metal braid, connected to the guide receive electrical current from the track which feeds the current to the motor and supplies the power. Amazing as it may seem, some of these small motors are capable of turning up to 60,000 revolutions per minute.

What does it take to take up the new sport? For the beginner who wants to give it a try for the first time, you can rent both a car and control at any Raceway and then a nominal fee is charged for the use of the track for as little as 15 minutes until as long as you wish. Once you get enthused however, you will want to purchase your own car and control so you can "tinker" with it and make it the fastest one on the track. With a good car and some skill, you can win trophies and other prizes.

The cost of a car runs from \$4.00 to you name it. The folks at Prescott Raceways tell us a \$11.98 car will stay with just about anything however with a skillful driver. Race classes are run in all price ranges. The purchase of a control will constitute a spending of from \$2.98 to \$7.98.

Both league races and individual races are held weekly and the competition in model car racing grows just as keep as in other sports.

For an evening of doing something a little different, the management of Prescott Raceways invites the citizens of Hempstead County to come over and if nothing else, just watch a while. There is no charge for spectators and we believe you

will enjoy watching these little powerful cars whiz around the track, especially if you happen to walk in during one of their sanctioned races.

Prescott Raceway is open each evening at 4 p.m. and remains open until 10 on weekdays and 11 on Friday and Saturday night. They are open Sunday afternoon from 1 until 6. They are located at 102 West Main. Take a left hand turn at the second stop light on Highway 67.

## Colorful Scooter Helps the Law

BOSTON (AP) — Patrolman Joseph Ford thinks his red and white scooter is great for keeping track of law and order in Boston Common, but says it could use a different set of colors.

"Everyone thinks that a red and white scooter is a toy," he said, "and that I'm just having fun."

## Counselor at Yerger Quits Job

## Nude Bathers Facing Lewd Charges

MILWAUKEE, Wis. (AP) — A man and woman who police said bathed nude at a "happening" before 250 persons will be charged with lewd and lascivious conduct even if authorities don't know who they were.

Albert M. Stanich, assistant district attorney, said warrants would be requested today for the arrest of the couple who sat in separate, two-foot high beer coolers at an exhibition staged by a club last week at the Milwaukee Art Center.

Stanich said authorities still had not learned the names of the couple Wednesday night, but added John and Jane Doe warrants would be sought if necessary.

Stephen French, an art professor at the University of Wisconsin at Madison, said, "It was no tour intent to be shocking or tactless or somehow unseemly. The nudes were used purely for artistic ends."

French, director of the club, said, "we might do it again some other place — it would depend on the circumstances, with a mature audience and the proper setting. But we certainly wouldn't want to do it again in Milwaukee. We misjudged the milieu of Milwaukee."

## THE DOCTOR'S MAILBAG Circulation Still Exists Despite Air-Conditioning

BY WAYNE G. BRANDSTADT, M.D.

Q — Is it unhealthy to breathe the same air day in and day out in an air-conditioned building? Some people prefer window fans and others say the fans bring in dust and dampness. What do you think?

A — The large units that condition the air in big public buildings wash and filter the air before it is recirculated.

Some single-room air conditioners in homes may be adjusted to bring in or exclude outside air but in either case there is some circulation of air from the outside.

Window fans will bring in dust unless they are provided with filters and will bring in moisture if the outside air is damper than that on the inside, in which case a dehumidifier may be needed.

Q—I was in the hospital with what my doctor calls basilar vertebral insufficiency. What is this? The medicine he prescribed is Paveril. What is it for and are there any bad side effects?

A—Basilar-vertebral insufficiency refers to impairment of the circulation of the brain. The drugs you are taking relax blood vessel spasm and is not habit-forming. In too large a dose it may cause nausea, dizziness, sweating and abdominal cramps.

Q—My husband, 49, has a calcium deposit on the left side of his brain. What caused it? Is it a form of cancer? Can it be cured?

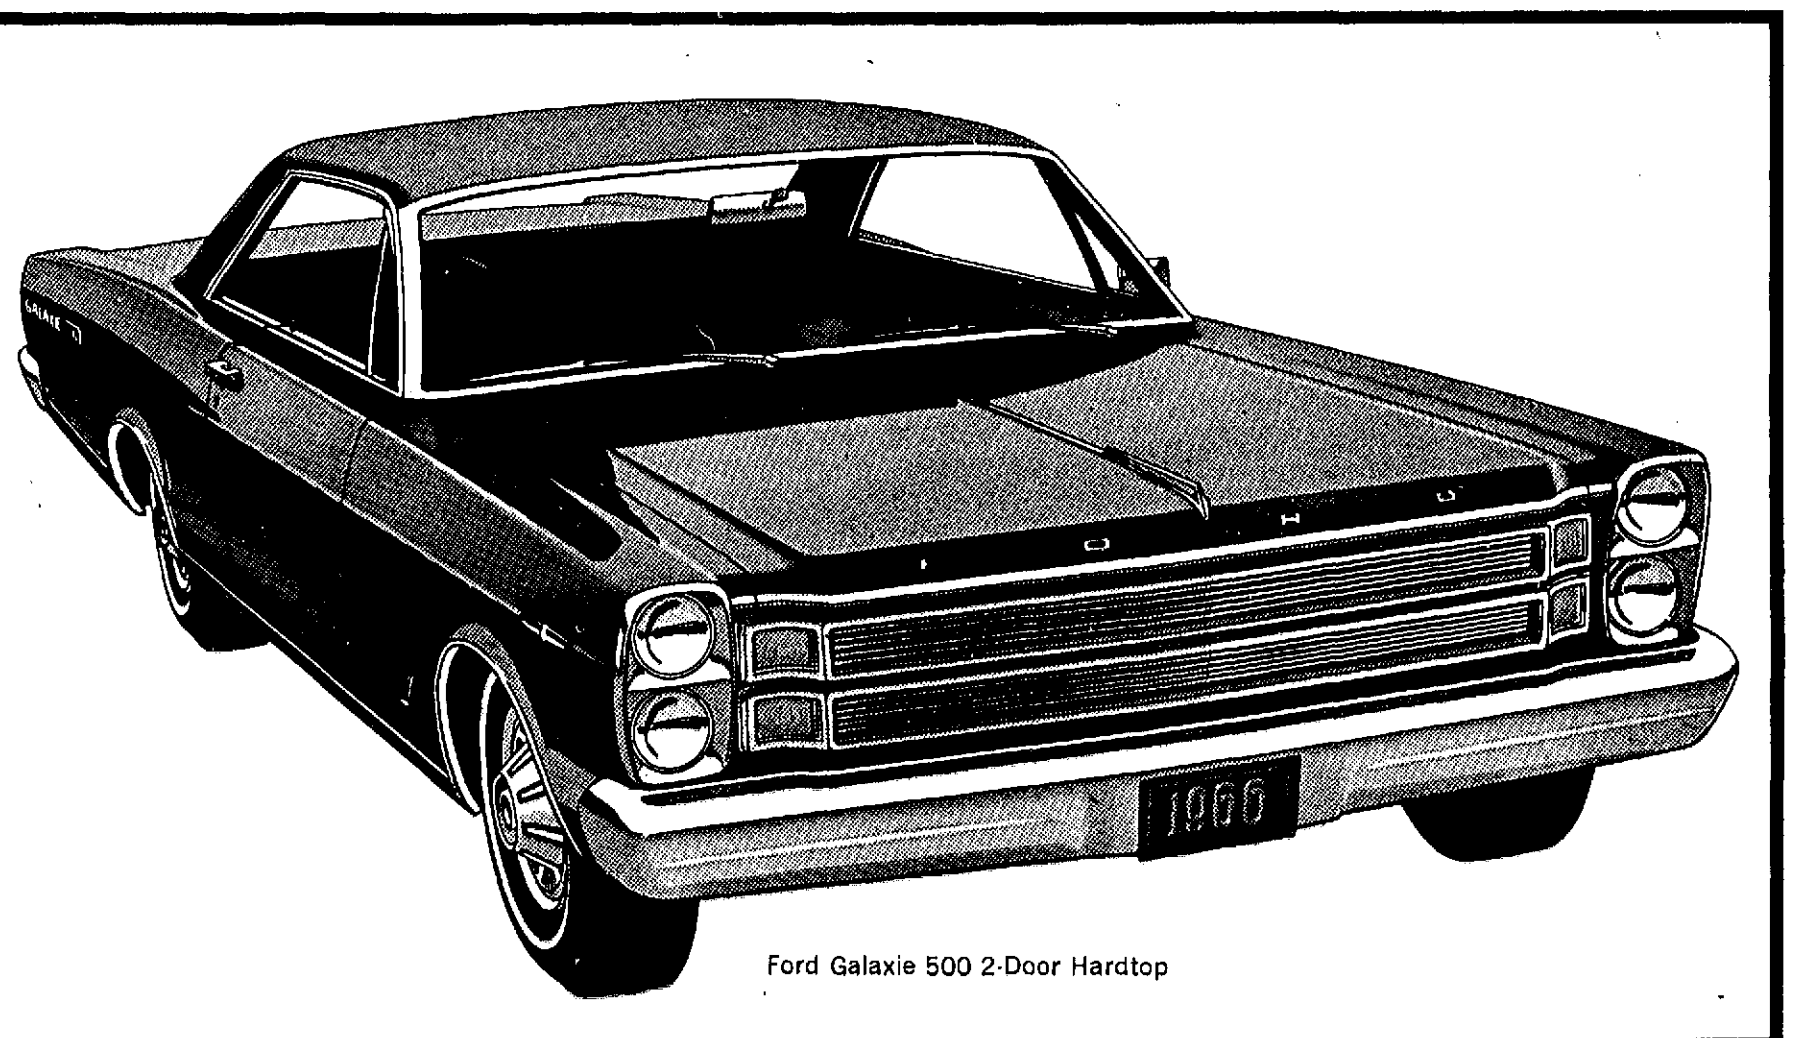

A—The calcium deposit is probably in the blood vessels of the brain. This is a form of hardening of the arteries and is not related to cancer. For changes that have already taken place there is no cure. Your doctor will try to check the progress of this disease.

Q—Recent X-rays revealed that I have Paget's disease of my thigh bones. What is it and what is the treatment?

A—Paget's disease (osteitis deformans) is seen in persons who are over 40. The cause is unknown. In this disease there is first a softening, with some bowing, in the long bones of the leg and thigh followed by a hardening and thickening of the bones in their new shape. In the early stages the affected bones are painful.

Aspirin and small doses of sodium fluoride will relieve the pain and the latter drug combined with vitamin C and milk or other sources of calcium will prevent further development of the disease. The victim should not stop walking even though his bones ache because the exercise improves the circulation in the bones and helps to keep them in good condition.

QUICK QUIZ

Q—Who was the first United States minister to Great Britain?  
A—John Adams, appointed in 1785.

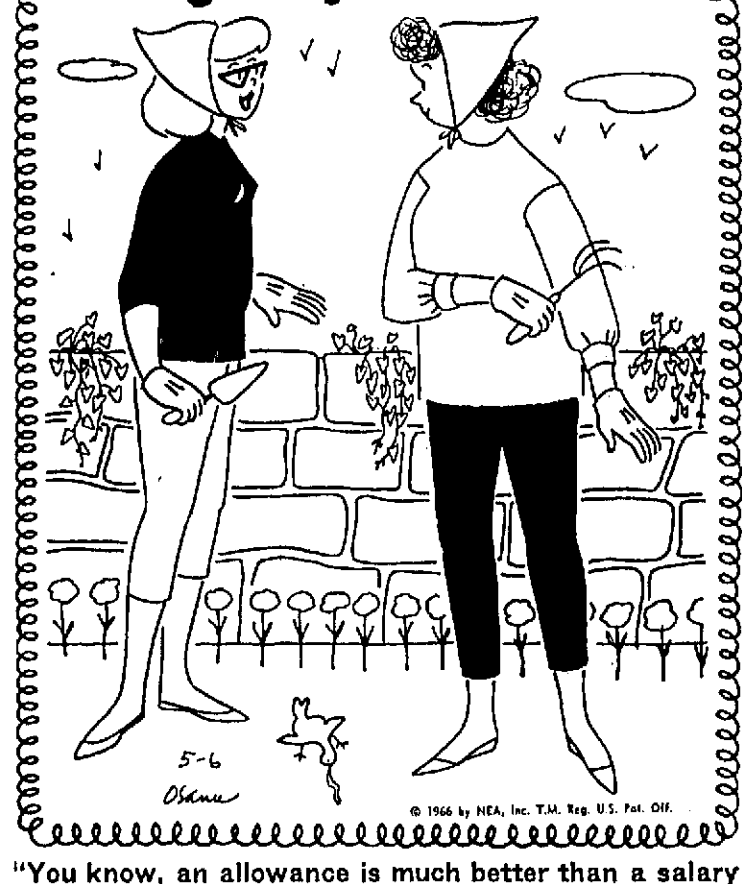

Q—What woods burn well when green?  
A—Ash, because its wood contains inflammable oleic acid, a fatty acid constituent of olive oil. The ash tree belongs to the olive family. Wood of the pine family also burns when green, due to resin in the wood.

Q—What was the first act of Congress?  
A—A bill regulating the time and manner of administering the oaths of office required by the Constitution, Article VI.

Q—What proportion of silver does German silver contain?  
A—None. It is a silver-white alloy of copper, zinc and nickel, now usually called nickel silver.

It is far easier to write about slams and games than about lowly part scores but some of the best played hands occur at lowly contracts.

South was not happy with his hand at any time but he did not like to let West play one no-trump doubled, so ran out into his only four-card suit.

West opened his king of clubs and South was even more unhappy when he saw the dummy. Then he proceeded to make the contract by a series of magnificent plays.

He won the first trick with dummy's ace of clubs and returned the suit. East won with the ten and promptly led back the three of trumps. South played low. West cashed his ace and king of trumps and got out with a diamond, won by dummy's ace.

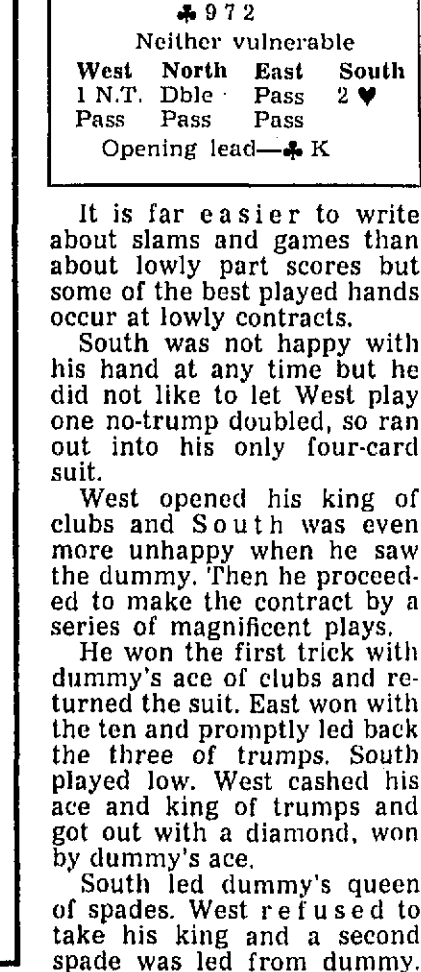

South led dummy's queen of spades. West refused to take his king and a second spade was led from dummy. This time, South played his nine and West had to take his king. A second diamond went to dummy's king and South was able to get to his hand with the jack of spades, in order to lead and ruff his last club. This made six tricks. He had taken two spades, two diamonds and one club and one club ruff. He led dummy's ace of spades and East had no way to keep South from making two of the last three tricks.

Quite a series of plays by South. However, West must be given some credit for making the play possible. Had he opened his ace and king of trumps and then shifted to a low club, South would have had no way to keep East from getting in to lead a third trump and the contract could not have been made.

## Rain-Maker Grief-Stricken Property Rights

I know a man who apparently has a secret formula to make it rain. How he does it, I don't know. But the fact is, every time his wife issues an ultimatum to mow the yard this guy manages to have a rain right handy.

There was this grief-stricken man who had just lost his wife. Namara has ordered a reduction in the continuous airborne alert of B52 bombers, it was the husband was expounding on his sorrow to the friend who accompanied him. And so, far from being a non-conformist, I am the greatest of conformists — attacking well within the maximum 30 false gods, defending the ancient truths upon which our civilization and nation were built, and blasting light into a dark and befuddled country.

I am opposed to Urban Renewal. It impairs the property rights of all citizens to rehabilitate the rundown property of a few with federal taxes when other owners have to maintain their buildings as best they can. I am opposed to the Civil Rights hog-wash that pretends you can create rights for one class of people by destroying the property rights of all.

I am opposed to Rent Subsidy, for it is obvious that the addition of federal aid to private income will upgrade the rentals — thus favoring the landlord with higher-priced property at the expense of the less-well-off owner.

## Champion of Rights Would Slow Plan

By JOHN WOODFIELD  
BALTIMORE, Md. (AP)

Leaders of Baltimore's Negro community expressed shocked surprise today at statements by a Baltimore attorney and long-time courtroom champion of Negro rights that he opposed "any further extension of civil rights" for Negroes.

The attorney, Leonard Kerpleman, said in a letter published by the Baltimore Evening Sun Wednesday that the riots in Los Angeles Watts area "disgusted me and sickened me as a human being."

He said he could not accept "the manner in which Negro leaders have drawn the Watts carnage to their bosoms and have declared it to be, not their shame, but their glory."

Gentlemen of the Negro community, by expressing pride, complacency or satisfaction in the Watts riots, you have lost me," said Kerpleman, whose arguments before the Supreme Court in 1963 resulted in the banning of compulsory prayers in public schools.

Kerpleman joined the National Association for the Advancement of Colored People (NAACP) in 1945 and has been a member of its legal assistance committee. He also has represented many civil rights demonstrators in court.

## 2 Convicted in British Murder Case

CHESTER, England (AP) — Ian Brady was convicted of triple murder tonight in Britain's "bodies on the moors" trial. Brady's mistress, Myra Hindley, was found guilty of two murders.

The all-male jury found Brady, 28-year-old stock clerk, guilty of slaying Lesley Ann Downey, 10; John Kilbride, 12; and Edward Evans, 17.

Brady was sentenced to life imprisonment.

Miss Hindley, 23, was also jailed for life for taking part in the killings of Evans and the Downey girl.

She was found guilty of being an accessory to the murder of the Kilbride boy.

Judge Sir Penton Atkinson told Brady:

"These were three calculated, cruel, cold-blooded murders."

In summing up the jury earlier, the judge had referred to "this horrible case."

## Congress May Boost Budget by \$3 Billion

By WILLIAM F. ARBOGAST  
WASHINGTON (AP)

President Johnson's prediction that Congress might boost his budget to the tune of \$3 billion appears conservative in the light of recent developments on Capitol Hill.

During the week ending today, Congress or its committees have approved legislation calling for outlays of around \$2.1 billion more than the President requested for the fiscal year starting next July 1.

Over-all, the election-year Congress has tentatively added an estimated \$2.8 billion to Johnson's requests since the session started in January. And the session is not yet at the half way mark, according to the congressional adjournment timetable.

In some of the budget-busting moves, the few leaders in the campaign to slash federal spending have gone along with the increases. In others they have offered only token opposition in the face of certain defeat.

The House started off the week's spending spree by passing without an audible dissenting vote a \$2.95 billion higher education bill which rejected the President's plan to save about \$160 million by shifting much of the student loan financing from public to private lenders. The authorization bill still must be considered by the Senate and financed later.

The House followed that action Thursday by sending to the Senate a bill to appropriate \$10.5 billion to finance the Labor Department and the Department of Health, Education and Welfare for the year starting July 1.

The bill included \$489.2 million more than the President sought, much of the extra money being for payments to school districts in an estimated 350 congressional districts. The budget-cutters tried to reduce the school payments by \$23.8 million but lost by a standing vote of 132 to 25.

Off the floor of Congress, the House Armed Services Committee added about \$1.5 billion to the annual military procurement bill which must be financed in a later measure.

The increase over authorization requested by the President was \$931 million for procurement, about \$420 million for military pay hikes and an estimated \$16 million for medical care for dependents of military personnel. Johnson did not include the latter two programs in his budget.

**Camp Named  
in Honor of  
Sgt. Helton**

Mr. and Mrs. Jim Helton of Fulton have been informed that Viet Nam base camp is to be named in honor their son, of Platoon Sgt. James E. Helton who was killed Jan. 15, when an enemy mine detonated when he was on a combat mission.

His wife, Mrs. Virginia Helton, lives at Rt. 1, Fort Smith, Ark. Sgt. Helton, 34, had served in the army 13 years.

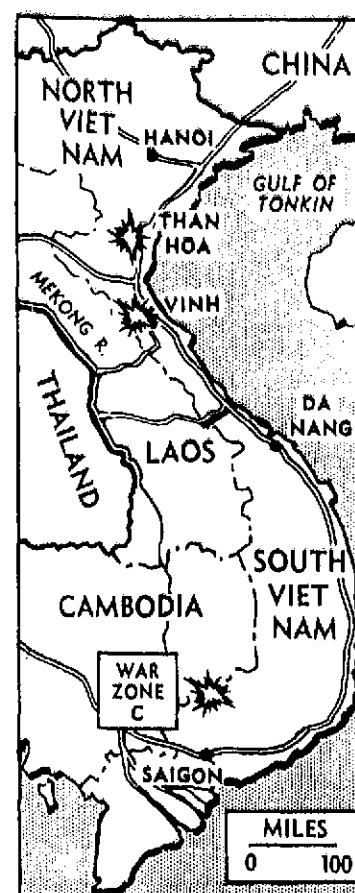

The camp is located in Phouvinc, according to Mrs. Helton. Her husband was based there while in Viet Nam.

A letter from Lt. Col. Robert Haldane, commanding officer of Sgt. Helton's infantry battalion to Mrs. Helton said, in part: "The construction of the base camp, 1st Battalion, 28th Infantry, has progress in the months that we have been here, to the point that we are ready to name the camp."

"With your concurrence, I would like very much to name the camp in honor of your late husband, who was respected and admired by all members of this battalion."

"The camp presently has seven permanent structures with others planned as materials become available, and will always be maintained to be an honor to James' memory."

"If you are agreeable to the proposal, a sign will be erected at the entrance to the camp, stating the name, 'Camp Helton', along with a short resume of your husband's service with the Lions of Catigny."

**GM Cutback  
Idles Hundreds  
of Workers**

By CHARLES C. CAIN  
AP Business News Writer  
DETROIT (AP) — Several hundred auto production workers have been laid off and hundreds more face furloughs because General Motors Corp. is cutting back production for the first time in five years.

GM, the world's largest automaker, said Thursday the cutbacks were to "get production schedules in line with current stocks in the field."

GM was the only one of the big auto firms to announce cutbacks.

At the same time, Ford scheduled 10 of its assembly plants on overtime operations Saturday. Chrysler and American Motors were on regular five-day weeks.

All the companies were expected to be mentioned today in Sen. Abraham Ribicoff's report on auto defects.

The Connecticut Democrat, head of a Senate subcommittee probing auto safety, recently asked the four major U.S. auto firms to list all manufacturing and design defects found in cars since 1960.

**No Bloc Vote by  
Negroes, Faubus**

LITTLE ROCK (AP) — Gov. Orval Faubus predicted Wednesday that there will be no bloc voting by Negroes in Arkansas this year.

Faubus said on the basis of conversations with Negro leaders and reports that cross his desk, the Negro vote is "not solid" at all.

"One candidate may get the majority (of the bloc) but he will not get all of the votes," he said.

Faubus predicted about 125,000 Negroes will be registered to vote by July.

They said his criticism of the lack of provision for absentee registration created this impression.

## Fierce Fighting Leaves 141 Cong Dead

By ROBERT TUCKMAN  
SAIGON, South Viet Nam (AP)

Fierce fighting raged today in central Viet Nam as American air cavalrymen closed in on a trapped Communist battalion. A U.S. spokesman said 141 Viet Cong had been killed in 24 hours, 30 captured and 307 suspects rounded up.

The U.S. command said elements of the 1st Air Cavalry, Airmobile Division exchanged heavy fire throughout the day with about 300 Viet Cong troops and that at last reports the action — called Operation Davy Crockett — was continuing.

The battle — largest ground fighting in recent weeks — erupted Thursday about 10 miles north of Bong Son, near the China Sea and about 280 miles northeast of Saigon.

In the air war, the U.S. command announced the loss of two Navy planes Thursday in addition to an Air Force plane announced earlier. Two of the pilots parachuted safely to the ground but heavy antiaircraft fire drove off rescue helicopters. The third pilot ejected into the Gulf of Tonkin and was rescued by a seaplane.

A total of 231 planes now have been reported lost over the North.

By WALTER R. MEARS  
WASHINGTON (AP) — Shunned as junk by the Pentagon, discarded military equipment has been repaired and put to work around the world by the U.S. foreign aid agency.

"It might have been junk when we got it," an official of the Agency for International Development (AID) said today, "but it wasn't junk when we supplied it to other countries."

Under Pentagon fire, a Senate subcommittee on foreign aid expenditures resumes today its public inquiry into the discard of used military equipment overseas.

Sen. Ernest Gruening, D-Alaska, the chairman, contends the Defense Department is giving away used but serviceable equipment — like cranes, tractors and bulldozers — desperately needed by American forces in South Viet Nam.

The foreign aid agency reported it has obtained military equipment which cost the government \$300 million, repaired it and put it into service. That account covers a six year period.

Joseph Lippman, the subcommittee's chief investigator, said the armed forces systematically inflate the estimated cost of repairing used equipment, then discard it as not worth the money.

Gruening said Tuesday that amounted to fraud.

The Pentagon replied that Gruening "apparently wants the American soldiers in Viet Nam to fight with junk." Its statement said Gruening's fraud charge was irresponsible.

Aid has told Congress it is "beating swords into plow-tary gear."

## Fulbright Just Ignores Barry, Blasts the War

WASHINGTON (AP) — Ignoring Barry Goldwater's demand that he step down as chairman of the Senate Foreign Relations Committee, Sen. J. W. Fulbright has challenged new controversy by calling Saigon "an American brothel."

The outspoken Arkansas senator said what is happening to the capital of South Viet Nam is the result of the "fatal impact" that a rich strong civilization — "even when acting with the best of intentions" — can have on a poor weak one.

Fulbright, concluding Thursday night his series of lectures at Johns Hopkins University's School of Advanced International Studies, said published reports of the impact of Americans and American money on Saigon show:

"That many Vietnamese find it necessary to put their wives or daughters to work as bar girls or to peddle them to American soldiers as mistresses;

68 that it is not unusual to hear a report that a Vietnamese soldier has committed suicide out of shame because his wife has been working as a bar girl."

"That as a result of the American influx, bar girls, prostitutes, pimps, bar owners and taxi drivers have risen to the higher levels of the economic pyramid;

"That middle class Vietnamese families have difficulties renting homes because Americans have driven up the rent beyond their reach and some Vietnamese families have actually been evicted from houses and apartments by landlords who prefer to rent to the affluent Americans."

"Both literally and figuratively, Saigon has become an American brothel," Fulbright said.
